Dear Parents and Community Members:

I am pleased to present you with the Annual Education Report (AER) which provides key information about the continuous improvement goals and educational progress of Churchill High School students based on 2017-18 assessment results. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me, Kevin Etue, Principal of Churchill High School, for assistance.

The AER is available for you to review electronically by visiting the following web site <http://churchill.livoniapublicschools.org> or you may review a copy in the main office of our school.

Schools have been identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA) based on their 2017-18 State Testing Results. A Target Support and Improvement (TSI) school is one that has at least one underperforming student group. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm-referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education.

At Churchill High School we have several key challenges we are facing as it pertains to our State test scores. The challenges are to improve our subgroup test scores and bring the students in those groups to the levels they need to be so they are meeting the State proficiency targets. The three largest target groups for Churchill High School are the bottom 30%, students with disabilities, and black or African American students. We are instituting or continuing the following initiatives to help address the scoring gap between our proficient students and the bottom 30%, our students with disabilities, and our black or African American students.

We are working to address these issues in the following ways:

- Continuing to refine Churchill's school improvement plan to meet the needs of all Churchill students.
- Continuing Algebra Lab, supported by diagnostic testing, to help freshmen who need to increase math skills.
- Utilizing i-Ready to improve reading levels for students in Freshman Transition.
- Continuing the liaison model for supporting resource room students.
- Continuing to run classes for struggling learners such as Academic Prep and Academic Success Strategies.

- Expanding our before- and after-school programs to include more peer tutoring and staff interaction with students in classrooms and computer labs.
- Implementing reading reinforcement course into the ELA curriculum.

These initiatives are intended to accelerate the student achievement of subgroups, including the bottom 30%, students with disabilities, and black and African American students that are not meeting our school's proficiency targets.

Our collaborative efforts positively impact our school's success and student achievement.

Sincerely,

Kevin Etue
Principal

SCHOOL IMPROVEMENT

School improvement is a process by which stakeholders in a school community work cooperatively to improve student achievement in core curricular areas. This process relies on staff, parents, and students' participation in collaborative decision making to formulate and implement an effective school improvement plan.

At Churchill High School, we are pleased to participate in the District Accreditation model for North Central Association (NCA), and its parent company AdvancED. The District Accreditation framework fosters greater communication and support across grade levels and academic disciplines, as we work together to gather, analyze and make data-driven decisions to increase academic achievement in the target goal areas.

Currently, staff at Churchill High School is focused on improving student achievement in the target areas of reading, writing, mathematics, and technology. Churchill High School's academic goals during 2017-2018 and 2018-19 are as follows:

1. All students will be proficient in reading.
2. All students will be proficient in writing.
3. All students will be proficient in mathematics.
4. All staff and students will utilize new technology.

Each curricular area at Churchill High School has developed an individualized School Improvement Action Plan outlining how teachers will assist students in meeting the reading, writing, and mathematics goals in ways relevant to each particular subject area. Progress in the goal areas will be measured through a variety of local, state and national standardized assessments.

The Livonia Public Schools School District has had its District Level accreditation through AdvancED. Through the district accreditation process, Churchill High School also received AdvancED accreditation. The AdvancED accreditation process supports and validates district and school level improvement efforts.

SPECIALIZED SCHOOLS OR PROGRAMS

In addition to the regular 9-12 program, our high school students may be enrolled in the Career Intern Program; CTE courses at the Livonia Career Technical Center; International Baccalaureate (IB) program at Franklin; Mathematics, Science and Computer (MSC) program at Churchill; Creative and Performing Arts (CAPA) program at Churchill; Global Education program at Stevenson; the special education, pre-vocational and vocational education program for students with disabilities at Franklin and Churchill; and our post high school program Western Wayne Skill Center at Garfield Community School and the Livonia Transition Program (LTP) at Schoolcraft College. Other special education programs for high school students are available in western Wayne County for our students with disabilities based upon their individual needs. Specific information about these programs is available on the district Web site at www.livoniapublicschools.org.

CORE CURRICULUM

The core curriculum at Churchill High School provides learning experiences in all areas of language arts (reading, writing, speaking, listening), mathematics, social studies, science, health, physical education, art, vocal and instrumental music, computer instruction, business, world language, family life, industrial technology, vocational education, and career and educational planning.

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understandings that are necessary for their continual growth and success as students within the school setting, and as adults in society. As a result of sound K-12 education based on well-defined educational outcomes, a Livonia Public Schools graduate will:

- Respect self, others, and the environment.
- Communicate effectively.
- Know how to learn and work productively.
- Acquire and process information.
- Use critical and creative thinking to make decisions and solve problems.
- Work and participate independently and cooperatively.
- Acquire a core of understandings and competencies within the content areas.

A copy of the core curriculum may be obtained from the district's Academic Services Department.

ENROLLMENT IN AP/COLLEGE LEVEL COURSES

During the 2017-2018 school year, 267 students were enrolled in 21 different Advanced Placement (AP) courses taught at Churchill High School. This is 18.5% of the building enrollment.

The following chart shows two years of data at the school and state levels. Listed are the overall total exams, total unique students and both the number and percentage of AP students with one or more scores of 3 or higher (demonstrated college-level achievement through AP courses and exams).

PARENT TEACHER CONFERENCES

One of the most important factors of a student's success in school is the involvement of parents or guardians in the educational process. Churchill High School has a high degree of parental involvement. Parenting activities this year are: Fall Open House, monthly PTSA meetings; Meet the Team Nights; an MSC Open House, and an 9th Grade Preview Night. This year we also held parent teacher conferences twice which were very successful again.

During the 2018-2019 fall parent/teacher conferences, 37.4% of our parents (524 parents) attended fall conferences and 27.8% (390 parents) attended parent/teacher conferences during the spring conferences.

During the 2017-2018 fall parent/teacher conferences, 38% of our parents (533 parents) attended conferences and 24.5% (343 parents) attended parent/teacher conferences during the spring conferences.

PARENT INVOLVEMENT

The district's Parent Involvement Plan is available on the district's website, which is linked to each school's website.

BOARD POLICY

IDD

**INSTRUCTIONAL PROGRAM
PARENT INVOLVEMENT**

**JUNE 20, 2011
Reviewed 5/2014**

The Board strongly encourages and welcomes the involvement of parent(s)/guardian(s) in all of the District's educational programs. It is recognized and appreciated that parents/guardians are the "first teachers" of their children, and that their interest and involvement in the education of their children should not diminish once their child enters the schools of the District. Accordingly, the Board directs, by the adoption of this policy, that the administration shall design a program/plan that will encourage parent(s)/guardian(s) participation that may include, but not be limited to: The development and review of instructional materials; input on the ways that the District may better provide parent(s)/guardian(s) with information concerning current laws, regulations, and instructional programs; and District offerings of training programs to instruct parent(s)/guardian(s) how to become more involved in their child's educational programs.

Pursuant to state law, the Superintendent shall provide a copy of the District's Parental Involvement plan to all parents.

DATA FROM MICHIGAN DEPARTMENT OF EDUCATION

These reports contain the following information:

Student Assessment Data

The report helps users to understand achievement performance within grades and schools, and to make comparisons to district, state, and national achievement benchmarks.

- Includes the following three assessments: M-STEP (Michigan Student Test of Educational Progress), MI-Access (Alternate Assessment), and College Board SAT.
- Presents assessment information for English language arts and mathematics for grades 3 to 8, 11; science for grades 5, 8, 11; and MI-Access for grades 3 to 11, compared to state averages for all students as well as subgroups of students.

Accountability – Detail Data and Status

The accountability portion of the AER includes assessment proficiency and participation rates, graduation or attendance rates, as well as accountability index values showing school performance on a 0-100 scale.

Teacher Qualification Data

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders. Reports teachers who are teaching with emergency or provisional credentials.
- Includes teachers who are not teaching in the subject or field for which they are certified.

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8.

Civil Rights Data

- Provides information on school quality, climate and safety.
