Dear Parents and Community Members:

I am pleased to present you with the Annual Education Report (AER) which provides key information about the continuous improvement goals and educational progress of Hoover Elementary School students based on 2017-18 assessment results. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me, Julie Linn, Principal of Hoover Elementary School, for assistance.

The AER is available for you to review electronically by visiting the following web site <http://hoover.livoniapublicschools.org> or you may obtain a copy by contacting the Hoover Elementary School office.

Schools have been identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA) based on their 2017-18 State Testing Results. A Target Support and Improvement (TSI) school is one that has at least one underperforming student group. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education. Based on this data, our challenges are in the areas of reading and math. Our school has identified underperforming subgroups of students, including: students with disabilities and economically disadvantaged students for whom additional intervention and support is needed in order to increase their proficiency and to close the achievement gap in the targeted areas.

In place is a multi-tiered system of support, including the use of the research-based interventions, such as a reading program entitled Leveled Literacy Intervention. In addition, ongoing professional development and dialogue focusing on strategies to support struggling learners takes place regularly. Ongoing analysis of formative assessment to determine the needs of all students, followed by the provision of targeted learning intervention to students in need. We purchase i-Ready Literacy instruction licenses for our students who are performing two or more years below grade level.

These initiatives are intended to accelerate the student achievement of subgroups, including the state's Bottom 30%, that are not meeting our school's proficiency targets.

Our collaborative efforts positively impact our school's success and student achievement.

Sincerely,

Julie Linn
Principal

SCHOOL IMPROVEMENT

School improvement is a process in which stakeholders in a school work cooperatively to improve student achievement. The process relies on staff, parents, and students participating in collaborative decision making in formulating and implementing achievement goals. The goals are determined through analysis of student achievement data and survey information. Action plans using proven interventions are developed for each improvement goal and progress toward achievement of the goals is documented annually.

Our goals for 2018-19:

- 1) All students at Hoover Elementary will be proficient in math.
- 2) All students at Hoover Elementary will be proficient writers.
- 3) All students at Hoover Elementary will be proficient in reading.

Our school improvement goal for 2017-2018 was:

All students at Hoover Elementary will be proficient in math, reading, writing and science.

We are very encouraged by the student achievement results from the school-wide literacy initiative and our school writing assessments.

The Livonia Public Schools School District has had its District Level accreditation through AdvancED. Through the district accreditation process, Hoover Elementary School also received AdvancED accreditation. The AdvancED accreditation process supports and validates district and school level improvement efforts.

During 2018-19, 85% of students' families (representing 438 students) were represented at Open House.

**INSTRUCTIONAL PROGRAM
PARENT INVOLVEMENT**

**JUNE 20, 2011
Reviewed 5/2014**

The Board strongly encourages and welcomes the involvement of parent(s)/guardian(s) in all of the District's educational programs. Accordingly, the Board directs, by the adoption of this policy, that the administration shall design a program/plan that will encourage parent(s)/guardian(s) participation that may include, but not be limited to: The development and review of instructional materials; input on the ways that the District may better provide parent(s)/guardian(s) with information concerning current laws, regulations, and instructional programs; and District offerings of training programs to instruct parent(s)/guardian(s) how to become more involved in their child's educational programs.

Pursuant to state law, the Superintendent shall provide a copy of the District's Parental Involvement plan to all parents.
