

# Home Art Supplies & School Art Supply Bag

As a measure of safety during this challenging time, the school district art teachers are asking that families provide, if possible, a basic “art supply” bag for their child to minimize the sharing of art supplies and materials. The bag will be used at home for virtual art instruction, but will also be brought to art class each week once instruction is face to face again.

The bag should be a large ziplock with the child’s name, grade and teacher written with permanent marker.

Supply	Notes & Substitutions
9x12 Drawing paper	This can be purchased in a pad or as loose drawing paper. Make sure it is drawing paper or marker/painting paper. The thicker the better!
5 No.2 Pencils	
Handheld Pencil Sharpener	Helps if it has a lid to contain shavings, but this feature is not necessary.
2-3 Large Erasers (vinyl preferred)	Pencil erasers wear out quickly, so you will need an additional eraser. Vinyl erasers are used in the art room, as they don’t wear paper as quickly as other erasers. If you don’t have access to a vinyl eraser, any eraser will do. (example = Hi-Polymer or Staedtler Mars Plastic erasers)
Scissors	Kid size scissors are helpful for beginning cutters. For experienced cutters, any size will do.
3-4 Glue sticks, .77 oz or larger	

Elmer's white glue 4oz.	Glue sticks are easier for little hands, but white glue is also used for some projects. I prefer to use a paintbrush to apply white glue if used. If your student does, be sure they wash the brush after!
Crayons	24 color set
Colored Pencils	12 color set
Fine Line Markers	10 color set
Watercolor Paint	Basic set with brush.
Ultra-Fine Tip Black Marker	Can be the marker from the basic set, if needed. Students appreciate having an ultra-fine tip for tracing and adding small details. (example = Ultra-Fine Tip Sharpie)
Ruler or Straight Edge	At least 12 inches long
