Dear Parents and Community Members:

I am pleased to present you with the Annual Education Report (AER) which provides key about the continuous improvement goals and educational progress of Coolidge Elementary School students based on 2017-2018 assessment results. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me, Larry Grezak, Principal of Coolidge Elementary School, for assistance.

The AER is available for you to review electronically by visiting the following web site <http://coolidge.livoniapublicschools.org> or you may review a copy by contacting the Coolidge Elementary School office.

Schools have been identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA) based on their 2017-2018 State Testing Results. A Target Support and Improvement (TSI) school is one that has at least one underperforming student group. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education. Based on this data, our school improvement plan has created a greater focus on the teaching and learning of more challenging, rigorous and engaging work with the Common Core State Standards. With a prioritized plan to integrate language arts into our content areas, we are hoping to build academic endurance and engage students in work that requires diverse thinking and evidence based responses. This school improvement plan, combined with our MTSS practices, are intended to challenge all students and offer more support to students who need it the most.

Our collaborative efforts have positively impacted our school's success and student achievement.

Sincerely,

Larry Grezak
Principal

**JUNE 20, 2011
Reviewed 5/2014**

The Board strongly encourages and welcomes the involvement of parent(s)/guardian(s) in all of the District's educational programs.
