Dear Parents and Community Members:

I am pleased to present you with the Annual Education Report (AER) which provides key information about the continuous improvement goals and educational progress of Randolph Elementary School students based on 2019-2020 assessment results. The AER addresses the complex reporting information required by federal law and some requirements of state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me, Mike Daraskavich, Principal of Randolph Elementary School, for assistance.

The AER is available for you to review electronically by visiting the following web site <http://randolph.livoniapublicschools.org> or you may review a copy in the main office of our school.

For the 2019-2020 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA) based on their 2018-2019 State Testing Results. A Target Support and Improvement (TSI) school is one that has at least one underperforming student group. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

The AER has two major sections to it. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education and is required to be presented in MDE format. Based on this data, key challenges for our school include addressing the specific academic needs of students with disabilities, economically disadvantaged students and English Language Learners. Data trends indicate that of these underperforming subgroups, students with disabilities manifest the largest achievement gaps and hence we are providing additional interventions and supports so as to increase their proficiency and close the achievement gaps in the targeted areas.

In place is a multi-tiered system of support implemented and monitored by our building's Student Achievement Team. This intervention system includes the use of the research-based interventions, such as the Leveled Literacy Intervention (LLI) program. In addition, ongoing professional development and staff dialogue focusing on instructional strategies to support struggling learners takes place regularly within and across all grade levels. Randolph staff also engages in ongoing analysis of formative and summative assessments to determine the needs of all students, followed by the provision of targeted learning interventions for all subgroups of students in need of these supports.

This school year Randolph Elementary completed the sixth year of implementing 'The Leader in Me' process where students are taught and practice the personal leadership and life skills of the 7 Habits of Highly Effective People. A component of this program involves students tracking their academic progress in core content areas, setting personal achievement goals, self-assessment and then monitoring their progress towards these goals. The Randolph staff integrated the PBIS philosophy as well to teach routines and procedures. We have a school-wide behavior matrix that guides our decisions that is a blend of the Leader in Me and PBIS philosophies.

State law requires that we also report additional information as found on the following pages.

Our collaborative efforts positively impact our school's success and student achievement.

Sincerely,

Mike Daraskavich
Principal

**JUNE 20, 2011
Reviewed 5/2014**
