Talk about the ideas in this poster with someone at home:

GROWTH MINDSET
The belief that skills, intellect, and talents can be developed through practice and perseverance.

| | | |
|--|-----------------------|--|
| I'll stick to what I know. Either I'm good at it or not. | DESIRES | I want to learn new things. I am eager to take risks. |
| It's fine the way it is. There is nothing to change. | SKILLS | Is this really my best work? What else can I improve? |
| This is a waste of time; there's a lot to figure out. | EFFORT | I know this will help me even though it is difficult. |
| It's easier to give up. I'm really not smart. | SETBACKS | I'll use another strategy; my mistakes help me learn. |
| This work is boring. No one likes to do it. | FEEDBACK | I recognize my weakness, and I know what to fix. |
| It's easy for him or her. They were born smart. | TALENTED PEERS | I wonder how they did it. Let me try to figure it out. |
